Ed-dour Archaeological Site

Ed-Dour Archaeological Site is one of the largest local settlements on the coast of Umm Al Quwain dating back to the Roman era.

The site covers around 2 square kilometres having flourished from the late first century BC to the third century AD. Considered to have been a commercial port as a main stopping point for commercial trips between south Mesopotamia, Persia, and India, it was mentioned in Greek and Roman sources as possibly the port of "Omana".

Al Zorah Nature Reserve – Ajman

Captivating skies, calm waters, lush greenery, and thriving biodiversity make up the stunning beauty of the Al Zorah Nature Reserve in the Emirate of Ajman. This quiet and wholesome sustainable ecotourism spot is hidden in plain sight at Al Zorah, spanning a 1 square kilometre of pure opportunity to explore.

The Nature Reserve is home to over 102 species of native and migrating bird populations throughout the year; birdwatching enthusiasts can often catch sight of bright pink flamingoes, particularly during the nesting season, and more, including egrets and herons. A variety of bright coral, fish, and stunning indigenous flora coexist in harmony and are easy to spot through the clear water.

The Gulf Cooperation Council's 40th Anniversary

2022

The Gulf Cooperation Council's 40th Anniversary

Established in 1981, the 40th anniversary of the Gulf Cooperation Council celebrates and honours the founding leaders and their role in the Council's success story. They believed from the beginning that the Council would serve as an effective mechanism to further collaboration, strengthen ties, and consolidate existing bonds between the Gulf nations across various fields. The GCC's founding leaders, God rest their souls, were motivated by the large goal and interest of serving their peoples and their collective wellbeing and economic prosperity.

52nd Union Day

In celebration of the 52nd United Arab Emirates Union Day, Emirates Post in collaboration with Mohammed bin Zayed University of Artificial Intelligence (MBZUAI), created and issued three unique AI-generated postage stamps that represent the past, present, and future of the United Arab Emirates.

In a project led by MBZUAI, a blend of creative skill and technical expertise were employed to capture cultural history, Emirati landmarks such as Sheikh Zayed Grand Mosque and Burj Khalifa, as well as sustainability, innovation, and national aspirations through watercolour-style artworks for postage stamps. The outcome was three designs that symbolize the UAE's achievements of the past and present and its goals for a bright and successful future.

Al Wathba Fossil Dunes Protected Area - Abu Dhabi

Located 45 kilometres to the east of Abu Dhabi, Al Wathba Fossil Dunes Protected Area is the first of its kind in the country, and one of the first in West Asia. It comprises of more than 1,700 fossil dunes spread over 7 square kilometres, making it one of the largest number of fossil dunes concentrated in one location in the emirate.

The protected area is a cornerstone of the natural heritage of Abu Dhabi and the UAE and is listed as an official natural reserve (geological features), by the International Union of Conservation of Nature's criteria. The area is also nominated to be listed in UNESCO's Global List of Geoparks. Specialists estimate that the age of fossil formations within the are trace back to the Ice Age, around 120,000 years ago.
